US 41 Construction Update

What is happening to US 41?

US 41 in Fond du Lac County is undergoing improvements that started April 2008 and are scheduled to last through November 2008. The Wisconsin Department of Transportation (WisDOT) is currently reconstructing portions of the highway from Military Avenue to County OO and at the US 41 and WIS 23 (Johnson Street) interchange. The construction spans approximately 6 miles and will cost an estimated \$25 million. Multiple stages are being completed simultaneously.

WisDOT is also planning to make improvements from Main Street to Military Avenue and at the US 41 and Hickory Street interchange. Work on this project will start July 2008 and run through January 2010. The project spans 1.14 miles and will cost \$16 million. The project will consist of pavement reconditioning and cable guard installation.

What does this mean for motorists and business owners?

- US 41 is being reduced to one lane of traffic in each direction prior to Memorial Day and will be again after Labor Day.
- There are nighttime lane restrictions on US 41 from Memorial Day through Labor Day and lane restrictions on WIS 23 at US 41.
- There are intermittent ramp closures at the WIS 23 interchange.
- There will be intermittent ramp closures at the Hickory Street interchange ramps.

What has been going on?

Stage 1: Reconstruction and widening of ramp, outside and inside shoulders

Stage 2: Asphalt resurfacing, and removal of concrete pavement at intersections

Stage 3: Construction of inside ramp portions and demolition of structures

What's yet to come?

Stage 4: Construction of inside lanes, shoulders, and ramps

Stage 5: Construction of lanes and shoulders and resurfacing

Stage 6: Construction of water bypass channel, including culverts

Stage 7: Paving lane and ramp surfaces, reconstruction of median

Stage 8: Asphalt milling, paving, reconstruction of median islands
